Measurements:

- | | | |
|-----------------|---------------------|----------------|
| • Powder Pink: | 8 1/2" x 5 1/2" | 5" x 3 3/4" |
| • Basic Black: | 5 1/4" x 4" (cut 2) | 3 1/4 x 3 1/4" |
| • Very Vanilla: | 3" x 3" | 5" x 3 3/4" |

Instructions:

1. Cut and score as outline above. Use the corner rounding side of the punch to round the corners of all layers.
2. Use VersaMark to stamp the small glower image randomly on the Powder Pink layer.
3. Rub the Embossing buddy gently over the 3" square Very Vanilla layer. Use VersaMark to stamp the medallion image and sentiment on this layer. Sprinkle the embossing powder over the ink. Tap over container or piece of paper to remove excess powder. Use Heat Tool to set powder. (Powder is set when it turns shiny. Do not heat too much or powder will burn.)
4. Use Snail to attach large pink layer and to the large black layer. Tie ribbon around layer so that bow is offset as shown in photos.
5. Use Snail to attach sentiment layer to black square layer. Use Dimensionals to attach layer to pink/black layer. Gently slid ribbon as needed to nestle against sentiment layer.
6. Use Dimensionals to attach layer to card front.
7. Use Powder Pink ink to stamp a couple flowers in the corner of the large Very Vanilla layer. Use Snail to attach to the remaining black layer then use Snail to adhere layer to inside of card base.
