Measurements:

- **Magenta Madness:** 5-1/2" x 4-1/4" card base – landscape (fold at top); 5-1/4" x 4" layer (cut 2); 3-7/8" x 2-7/8" layer
- **Whisper White:** 5-3/8" x 4-1/8" layer (cut 2); 5-1/8" x 3-7/8" layer; scrap ≈ 2-1/2" x 1-1/14"
- **DSP:** 3-3/4" x 1-1/4"; 4" x 1/4"

Instructions:

1. Cut and score all pieces as outline above.
2. Use the “friend” die and the Cut & Emboss Machine to cut out the sentiment from the Whisper White scrap piece.
3. Use the Tasteful Textile Embossing folder and the Cut & Emboss Machine with the Specialty plate to add texture to one of the 5-1/4” x 4” Magenta Madness layer.
4. Using Seal or Tombow, attach the non-textured 5-1/4” x 4” Magenta Madness layer one of the 5-3/8” x 4-1/8” Whisper White layers. Adhere the 5-1/8” x 3-7/8” layer to this layer then attach the 1/4” strip of DSP centered on the left side of the layer about 1/8” from the edge of the top white layer. It’s ends should be even with the magenta layer. Use Seal or Tombow to attach this layer to the inside of the card base.
5. Use adhesive to attach the remaining DSP to the 3-7/8” x 2-7/8” Magenta Madness layer. Use adhesive to attach the textured magenta layer to the remaining 5-3/8” x 4-1/8” Whisper White layer. Use Dimensionals to attach the DSP layer centered at the left edge of the textured layer.
6. Tie a length of Magenta Madness ribbon around the layer and tie off with a bow. Ribbon should be positioned over the right edge of the DSP layer with the bow centered on the layer.
7. Use a thin, tiny amount of Tombow on the back of the sentiment and attach to the textured layer just to the right of the ribbon, under the bow. Use a pearl for the dot of the “i”.
8. Use Seal or Tombow to attach this multi-layered layer to the front of the card.
