## Measurements:

- **Sahara Sand:** 5-1/2" x 4-1/4" card base – landscape (scored on top); 3-3/4" x 2-1/2" layer; 5" x 3-3/4" inside layer
- **Night of Navy:** 4-1/2" x 3-1/4" layer; 5-1/2" x 4" inside layer; scrap ≈ 1/2" x 3"; scrap ≈ 3-1/4" x 2-1/2" or 1-1/2" x 5-1/2"

Instructions:

1. Cut and score card base and layers as outlined above.
2. Use the "Happy" and "Birthday" dies to cut the sentiment from the larger Night of Navy scrap. Spread a tiny wee bit of Tombow on the back of "Happy" and "Birthday" and adhere to the 3-3/4" x 2-1/2" layer.
3. Use the Subtle 3D Embossing Folder to emboss the card front as well as the Happy Birthday layer.
4. Tie a length of ribbon around the 4-1/2" x 3-1/4" Navy layer. Attach to the card front using Dimensionals. Attach the sentiment layer centered on the Navy layer using Dimensionals. Use Dimensionals to attach the layer to the card front.
5. Use Memento ink to stamp the inside sentiment on the remaining Sahara Sand layer. Use Seal to adhere to the inside Navy layer then attach to the inside of the card also using Seal.
6. Use VersaMark to stamp "Belated" onto the small Navy Scrap. Cover with the Gold Embossing Powder and use the Heat Tool to set. Use the Classic Label punch to punch out the sentiment with the "B" at near the edge. Use the punch to create the banner notch by the "D" by slipping that end into the opposite side of the punch... or just use your snips. Attach to the card front using Mini Dimensionals.
7. Attach a Navy Rhinestone for the dot of the "i" in Birthday. Or, use your Dark Navy Blends to color a Pearl and use that instead.
